

## Standard Options for ACW 60CC

- Screw and shear block assembly
- EPDM gasket
- Glazing 1/4" to 1-1/2"
- Three drainage levels
- Polythermid thermal isolator between exterior and interior aluminum

## Optional Features

- Aluminum alloys: 6005, 6060, 6463, 6063
- Various mullion depths available
- Wide variety of cover profiles
- Custom corner mullions available for segmented radii of 25-90°
- "F" and "T" perimeter anchors
- Available as unitized curtain wall
- Custom thermal isolator with gasket lips
- Individual gasket with butyl tape
- Glass clips for reinforcement for larger units
- Base ventilation and pressure equalization on four corners of each field
- Special profile for vapor barrier and sill flashing (not penetrated)
- Accepts all SA-FE windows, doors and sunshades
- Blinds between glass
- 220 colors options
- Zero sight line vents available
- Custom tape that improves performance and water protection

Made in the USA

## Performance

Design Pressure ..... +/- 60 psf

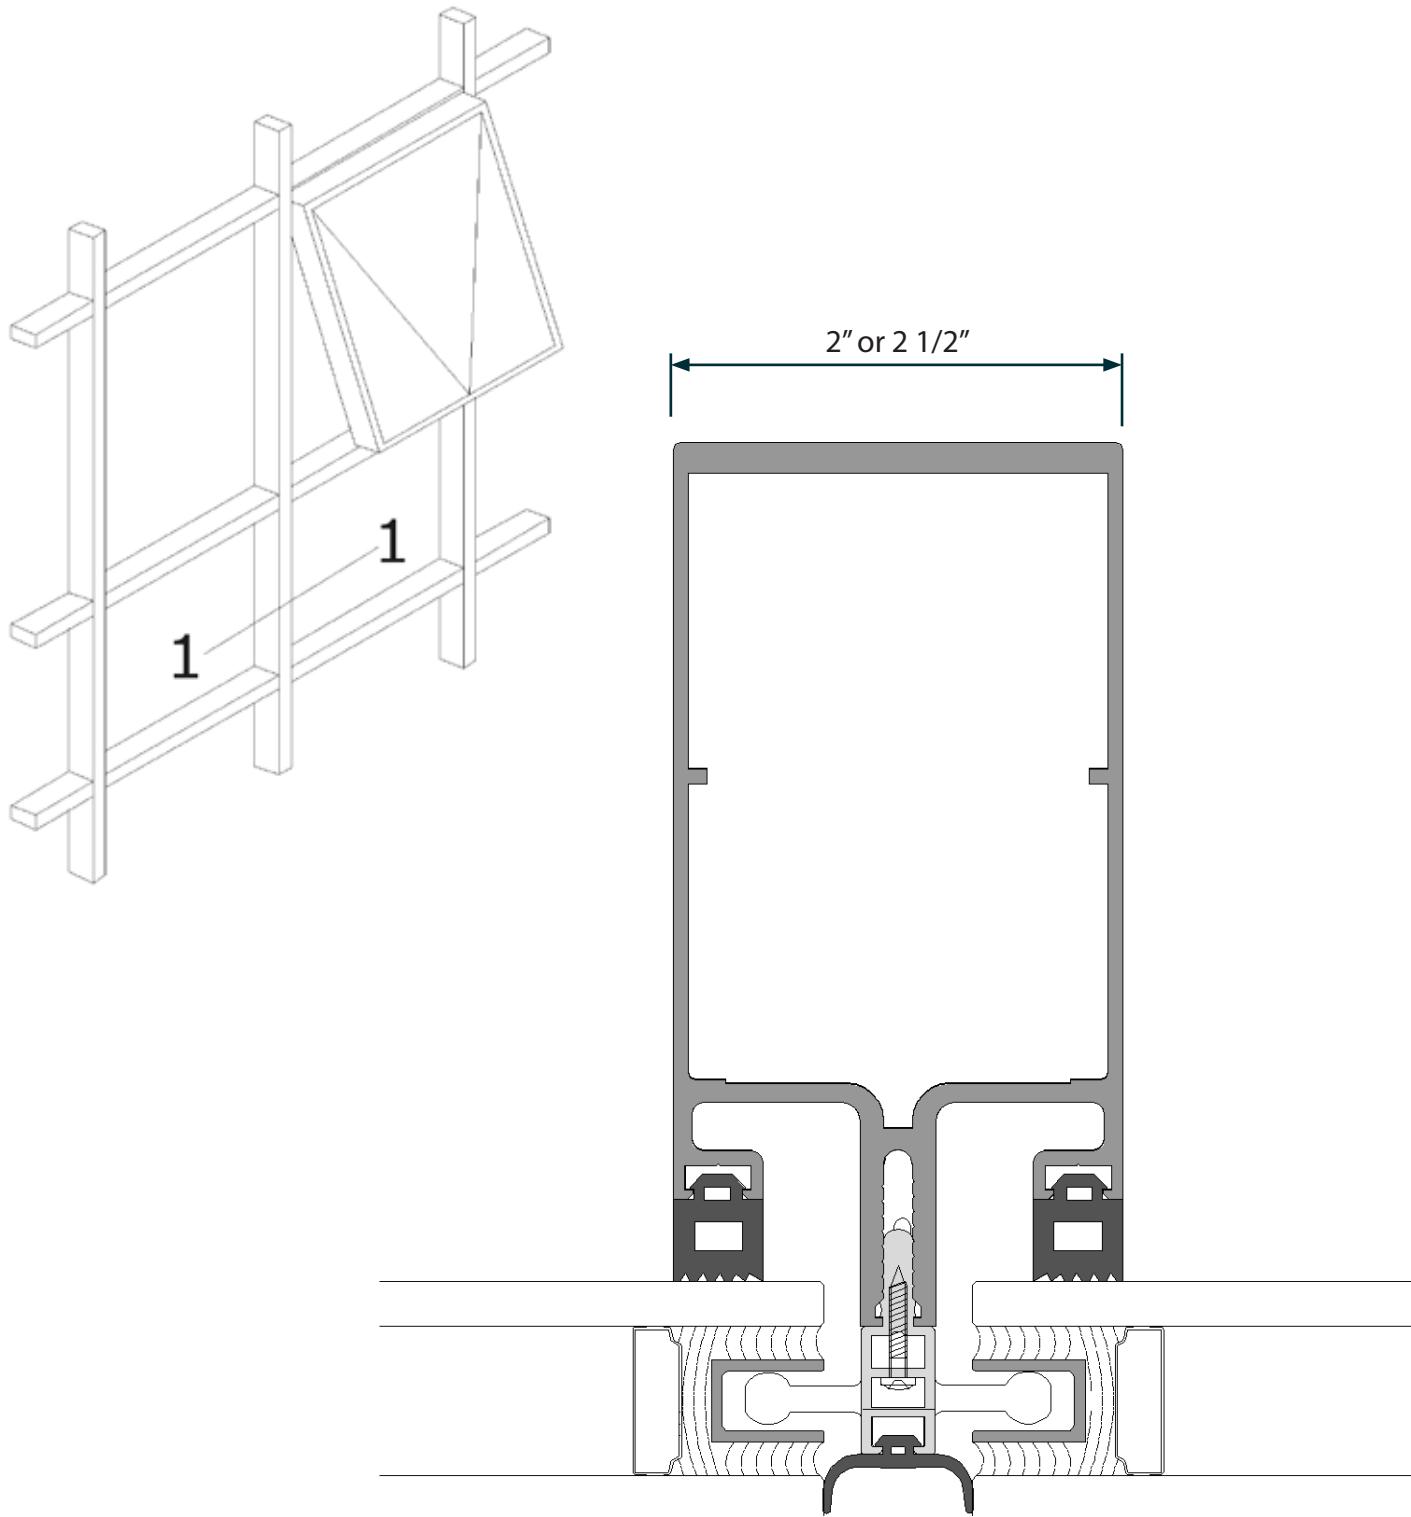

Air Infiltration..... <0.01 cfm/ft<sup>2</sup>

Water Test Pressure ..... 15 psf

Uniform Load Structural ..... -/+90 psf

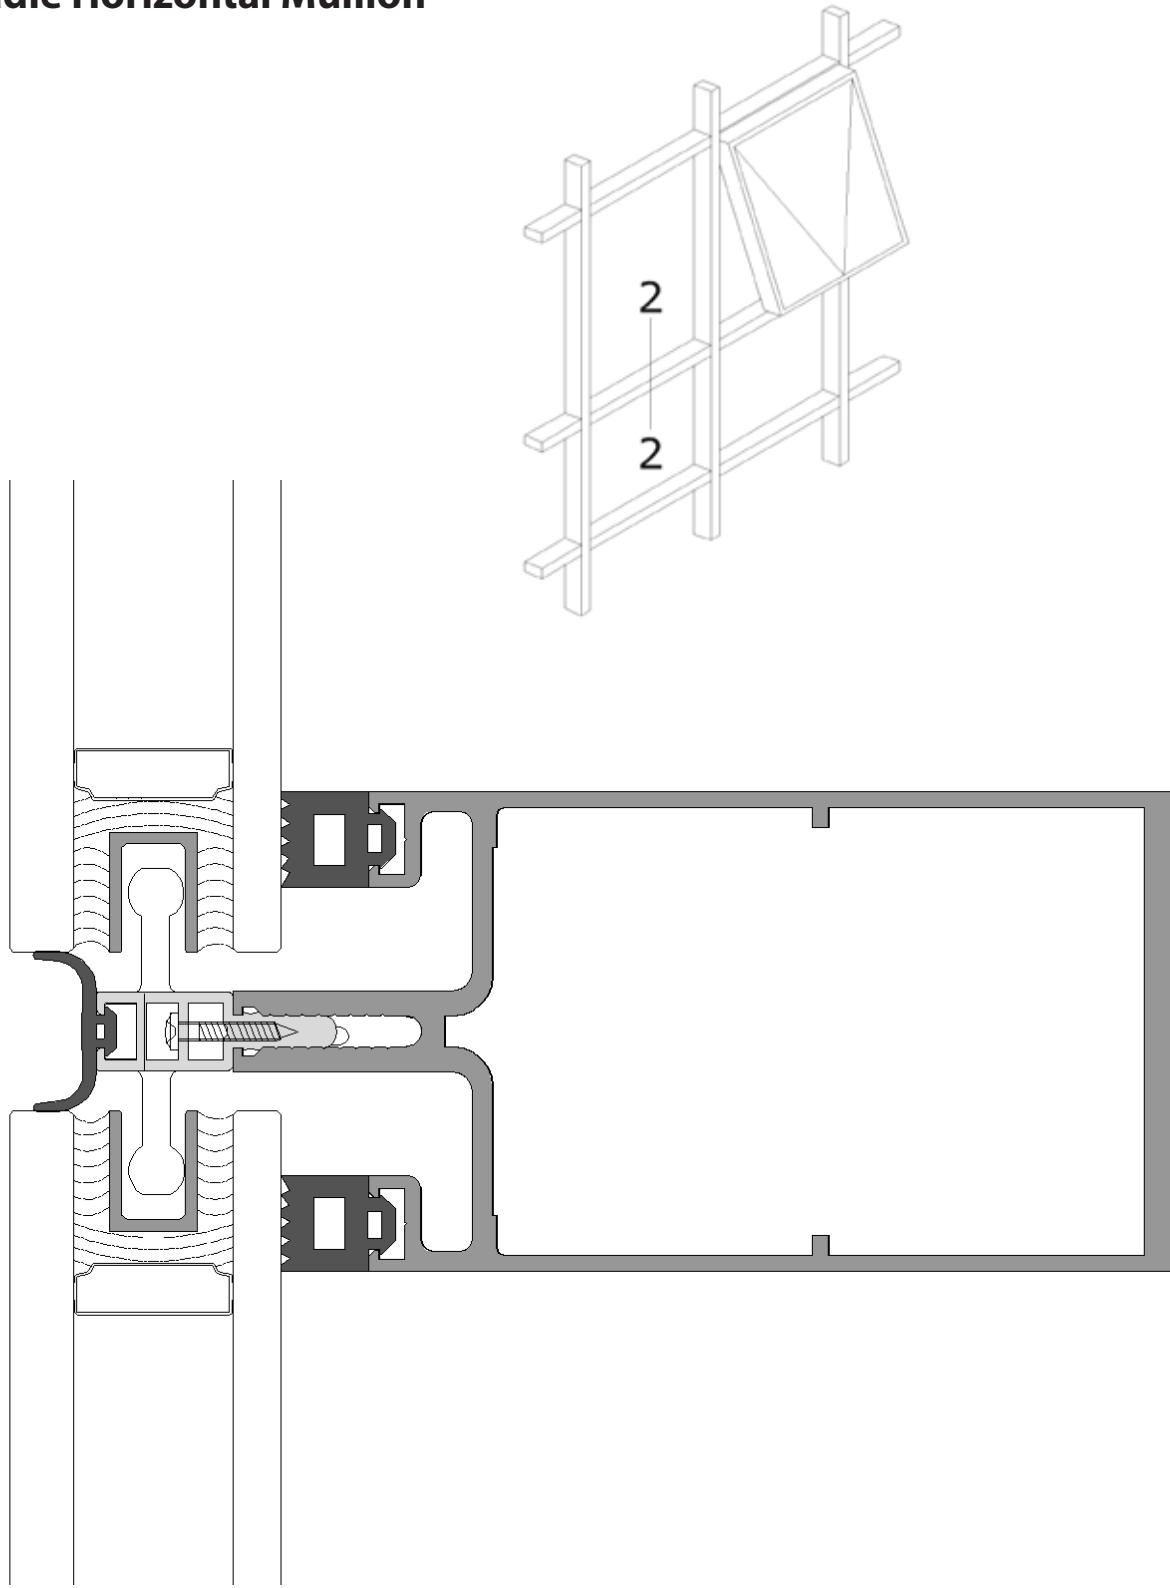

## Cross Section View at Middle Vertical Mullion

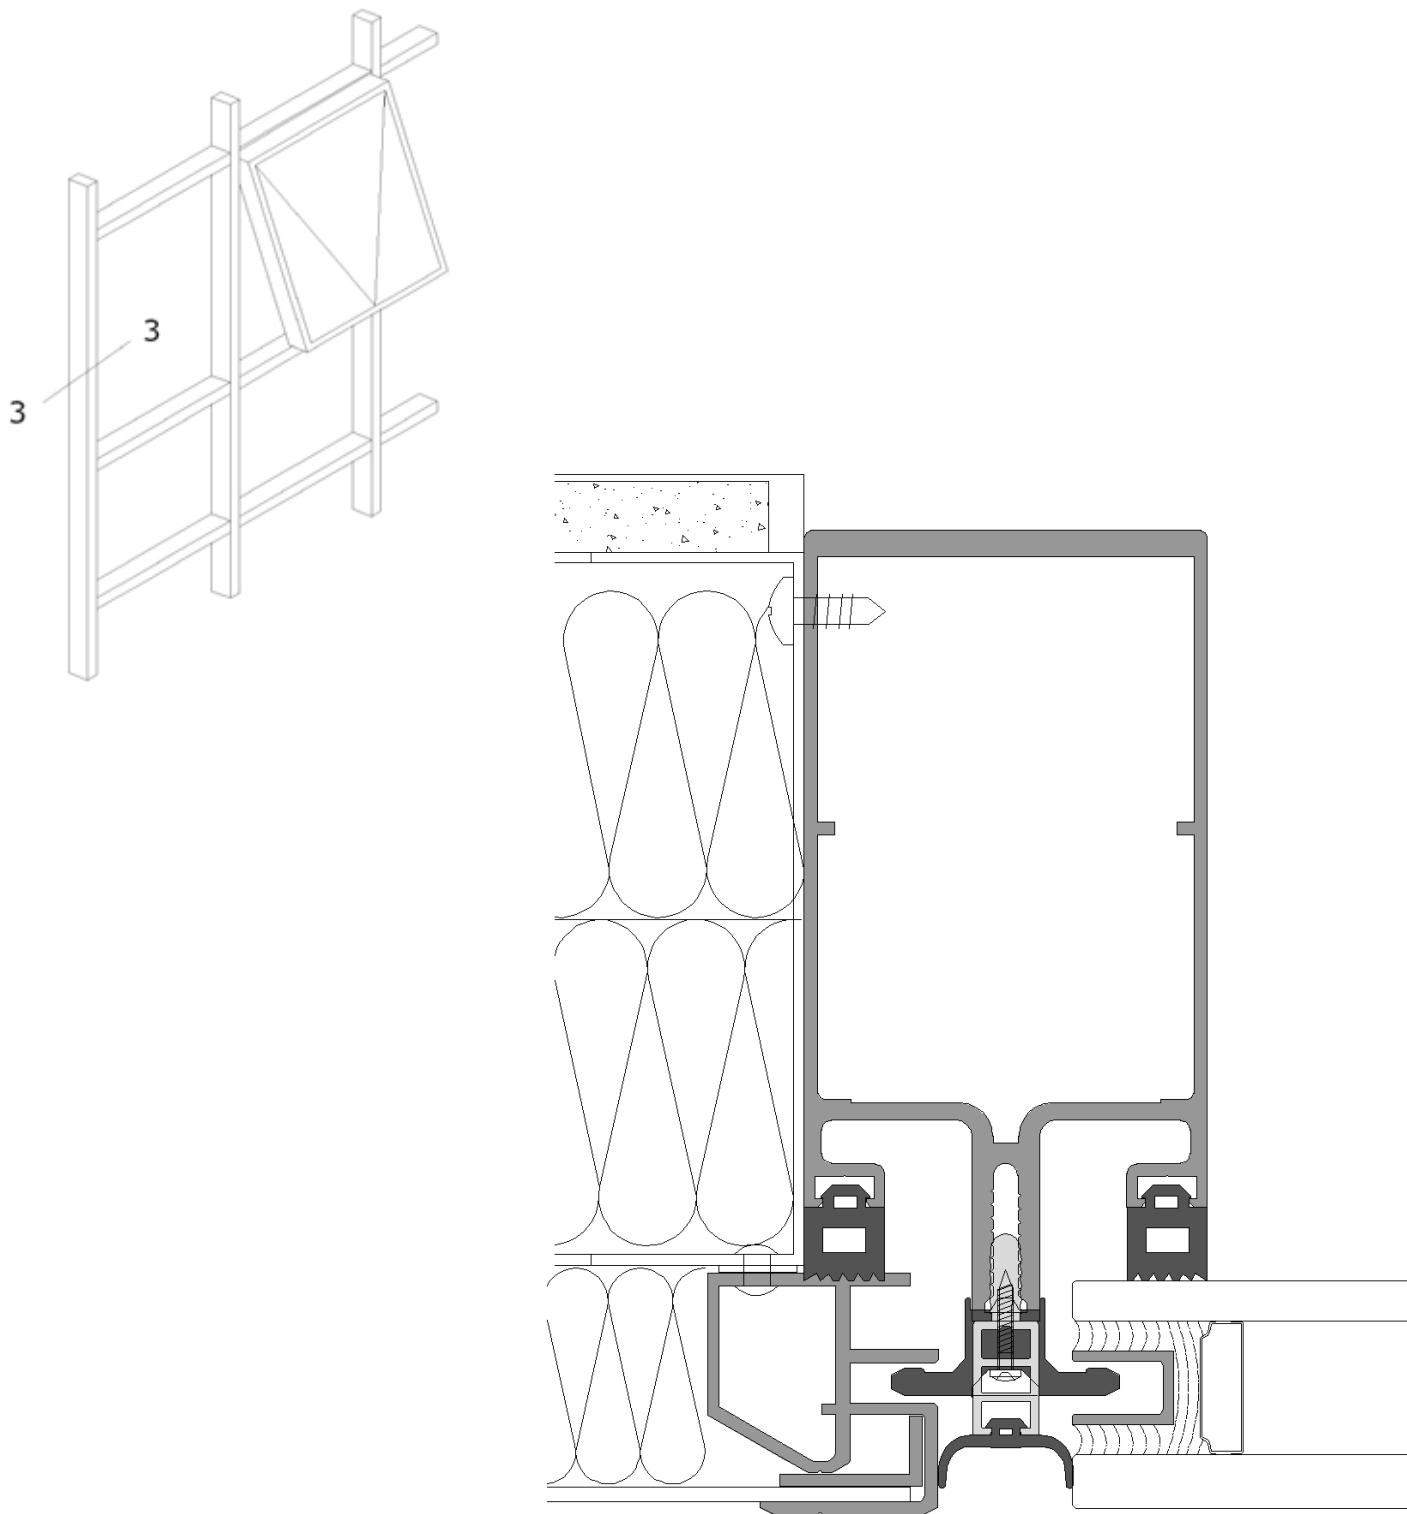

## Cross Section View at Middle Horizontal Mullion

## Cross Section View Left Vertical Mullion at Wall

## Cross Section View Horizontal Mullion at Bottom
